Project Description: We have completed a Contract with a General Contractor for HVAC/Water Heater and Electrical work which began in April 2010 in 300 dwelling units at the West Haven Development and Fairview East Development. We had originally planned to install Water shut off valves at the West Haven Development, but we revised the Recovery Grant in February using fungibility to shift this work item to our 2009 CFP Grant to accomplish this work. The revision was approved by HUD on March 2, 2010.
